

Paint 360™

Best Practice for Paint

Paint is received nationally from House Waste Recycling centres at our dedicated waste paint transfer station

Every can is opened stirred and tested for quality

Sorted by type, colour, brand and recorded for traceability

Social enterprise focused - we are committed to creating job opportunities for young people with barriers to employment as the core of our workforce.

In the **UK** an estimated **55 million litres** of **paint** a **year** is **sent** to **landfill** or **incinerated**. **Paint** is too **valuable resource** to **waste**.
Paint360 contract emulsion has a minimum **95% recycled content**.

Waste paint is **re-engineered** into a **quality product** to **compete** with **leading brands** on **quality** and **price** available **nationally**

1 litre saves enough **embedded carbon** to **drive** a transit **van 5 miles** **carbon free**

Available through **Travis Perkins**.
Save money, lower carbon
and **increase**
